YOUR GUIDE TO KEY STAGES

PARIFY
PACKAGING

Stage 1

Your first step to designing your very own packaging is such an exciting time for you and your business! At this stage we discuss your requirements for your brand whether you have an existing identity or not, we can create one for you.

Key components will include your preferable box design (interior and exterior), colours, material textures including sustainable, recycled and recyclable elements. If you would like more information on our Eco options available, speak to your Account Manager.

- ✓ Brand Identity 1-2 Weeks (Approx)
- ✓ Box Designs 1-2 Days
- ✓ Colours & Materials 1-3 Days

Stage 2

The next step is over to us to generate your quotation based on your desired quantity. This will include a detailed and itemised specification of your entire order with full costing. We aim to be extremely competitive with all our pricing. Timelines for this stage are as quick as **1-3 working days**.

- ✓ Quotation 1-3 Days (Approx)
- ✓ Amendments Variable
- ✓ Follow Up Call 1-2 Days

Stage 3

Following the quote stage we move swiftly to a fun yet crucial part of the process - the production of your very own bespoke sample! We fuse the specification detailed in your quote as discussed with your Account Manager to generate a sample, that's exactly what you dreamed of!

A working sample also gives you the opportunity to touch and feel your new box(s), and should you need to, are welcome to make any amendments at this stage to perfect the design. The design and costs are confirmed and finalised.

Timelines are flexible (based on ordered volume), but on average takes **approximately 3 weeks**.

Stage 4

Once you are completely satisfied with your sample(s) we place the order where a **50% deposit** is payable, production can then begin with your quantities. Please be aware manufacture at this final step can take an average of **4 weeks** (qty dependant), so please plan this lead time into your schedule.

Once production is complete we progress to shipping from overseas which usually spans between **45-60 days** if by sea. Air freight costs on available on request. Upon arrival, our quality checks begin, then we swiftly deliver your new packaging to your chosen location. We offer **free storage** of your order with full, or part deliveries agreed by you whenever you need them - **free of charge**.

- ✓ Production 4+ Weeks
- ✓ Delivery 45-60 Days
- ✓ Follow Up Call 1-2 Days
